INTERNATIONAL PHYCOLOGICAL SOCIETY
50th ANNIVERSARY (1961-2011)

[Volume 50, Issue 5](#)
(September 2011)

Vol. 52 Issue 2 (March 2013)

Phycologia is published bimonthly by the International Phycological Society and serves as a publishing medium for information about any aspect of phycology, basic or applied, including biochemistry, cell biology, developmental biology, ecology, evolution, genetics, molecular biology, physiology, and systematics.

The International Phycological Society was founded in 1960 and is dedicated to: the development of phycology; the distribution of phycological information; and, international cooperation among phycologists and phycological organizations. The Society publishes the Journal *Phycologia* and organizes the International Phycological Congresses at 4-yearly intervals.
